

**5th International Conference on  
MATHEMATICAL TECHNIQUES IN ENGINEERING  
APPLICATIONS (ICMTEA2021)**

**on December 3-4, 2021**

**Graphic Era (Deemed to be University) | Graphic Era Hill University  
Dehradun, Uttarakhand, INDIA**

## **Special Session**

**on**

## **Mathematical Modeling and Industrial Engineering (MMIE)**

### **Call for papers**

Breaking the market barriers is the need of the hour today. The world is fast becoming a global village under one market economy. This globalization has brought in quality and reliability of products an important driver to gain competitive advantage over other competitors. Furthermore, in this globally competitive environment scientific analysis of system under study is the key issues in attaining market leadership. This competitive advantage through quality process, product and services in the market place is possible through the development of knowledge bases and easy access to structured databases on systems, processes and technology based on quantitative study. Further due to ever emerging new trends of fashion and taste as well as technology, predicting future with certainty can be the daydream. This call for papers as addressed to this highly relevant theme in today's context. This session is proposed and will be organized by ICMTEA 2021 (<http://www.icmtea.in/index.php>), Graphic Era Hill University, Dehradun, India.

### **We are soliciting paper for following topics**

- Reliable and Secure Communications
- Software Reliability and Testing
- Infocom Systems Reliability
- Reliability and Maintenance Models
- Fault Tolerance in Hardware and Software Systems
- Software Engineering
- Soft Computing
- Modeling and Optimization
- Inventory Management
- Fuzzy Optimization
- Knowledge Management

- Supply Chain Management
- Stochastic Petrinets
- Quality Assurance
- Software Defined Networks

- (1) The authors of the accepted papers of this special session will be invited to submit their full paper to the conference secretary.
- (2) Once the papers will be selected, they will be sent to conference secretary wherein a paper id will be allocated to each abstract. ( upto October 1, 2021)
- (3) The paper presenter must complete the registration before October 20, 2021, as per his/her category (<http://www.icmtea.in/registrationfee.php>).
- (4) Full articles should be complete before the conference (up to November 15, 2021) so that we can consider them for post-conference publications (<http://www.icmtea.in/publications.php>).
- (5) All selected articles should be of high quality more than 3000 words (excluding equations, figures, tables). There is no upper page limit.

### **Special Session Organizers**

Dr Adarsh Anand, University of Delhi, Delhi, India

Dr Deepti Aggrawal, USME, Delhi Technological University, India

Prof Omar H Alhazmi, Taibah University, Medina, Saudi Arabia
